MINDANAO DECLARATION

Defending the Dignity of Life, Securing our Future:

REPEAL R.A. 7942, ENACT the Minerals Management Bill,
MORATORIUM on Large-Scale Mining!

APPROVED BY THE ASSEMBLY DURING THE 2012 International Conference on Mining in Mindanao, January 26 & 27, 2012 at the Ateneo de Davao University, Davao City (Abridged).

AWARE of the current state of the mining industry in the Philippines driven by corporate greed and the existing policy framework promoted by the administration of President Gloria Macapagal-Arroyo and inherited by President Benigno Simeon C. Aquino III,

AWARE that harsh effects of mining on water systems, biodiversity, air, land and island ecosystems lead to environmental destructions and disasters aggravating the impacts of hydro-meteorological hazards and threatening agriculture and food security,

AWARE that the contribution of mining and quarrying in the Gross Domestic Product of the country, averaged over the years 2000 to 2009, is only 0.9%,

AWARE that mining companies in collaboration with concerned government agencies have been grossly violating human rights of communities and advocates, dividing and exploiting indigenous peoples communities and perpetuating other acts degrading human dignity,

AWARE that small-scale miners and workers have been blamed for various environmental disasters by the Chamber of Mines in favor of large mining companies, however, further aware that the Mines and Geosciences Bureau (MGB) and other agencies failed to fulfill its mandate to provide technical and, when displaced, extend immediate sustainable economic assistance,

AWARE that the number of local government units who are standing up to oppose mining in their respective jurisdictions is increasing, however, not recognized by the national government and mining companies,

We call for the REPEAL OF THE MINING ACT OF 1995 (RA 7942) and REVOCATION OF ARROYO'S REVITALIZATION OF THE MINING INDUSTRY (EO 270 and 270-A), which are ANTI-FILIPINO, ANTI-ENVIRONMENT AND VIOLATIVE OF HUMAN RIGHTS,

We call for the ENACTMENT OF THE CONSOLIDATED ALTERNATIVE MINERALS MANAGEMENT BILL pending in the House of Representatives,

We further call for an IMMEDIATE MORATORIUM on large-scale mining and suspension and cancellation, if applicable, of all mining operations, licenses and applications, while the relevant mining policies are being reviewed; and concerned government agencies be held accountable.

With this declaration, we therefore invoke **OUR CONSTITUTIONAL RIGHT TO A BALANCED AND HEALTHFUL ECOLOGY IN THE SPIRIT OF PRECAUTIONARY PRINCIPLE AND INTER-GENERATIONAL RESPONSIBILITY.**

We reiterate the words of **MACLING DULAG**, environmental martyr of the Cordilleras: *"Such arrogance to speak of owning the land, when you shall be owned by it. How can you own that which will outlive you?"*

LET THIS DECLARATION RECLAIM THIS LAND FOUGHT FOR BY THE HEROES AND MARTYRS OF THE FILIPINO PEOPLE.

ALL THESE FOR TRUTH, COUNTRY, AND THE COMMON GOOD.

ONE-CLICK WONDERS

By [illegible]

Much has been said about the miracles brought by the onslaught of technology. One "innovation" after another, the world embarks on an ocean of bytes and codes that washes away borders. The talk of globalization, which has been a mere buzzword for politicians and trendwatchers, has become more and more apparent as people around the world are just a click away in experiencing cultures and immersing themselves in far flung places where they never dreamed they could go. People are now becoming more aware of issues in places they've never heard of and revolutions are being formed and fought (such as last year's Arab Spring) because of social networking websites such as Twitter and Facebook.
